Dear members of the Judiciary Committee:

Regarding Senate Bill 16: An Act Addressing Gun Violence and Juvenile Crime.

Once again, gun owners like me have been placed in a position to defend ourselves amidst a bill that claims to "address gun violence". You and your fellow democrat comrades lumped us in with criminals, many of which you have repeatedly released under democrat lead policies, only to commit crime again.

It boggles my mind that you think requiring trigger locks to be sold with a new gun helps your problem with crime?

You say banning guns on public transport will make everyone safer. Criminals will still be armed.

You claim home-made firearms (an American tradition) made before 2019 will reduce crime? Criminals aren't making guns, they are stealing them. I was a cop for 24 years. Never arrested anyone using a home made gun in a crime. What it shows is the democrats contempt for legal gun owners.

Perfect example, tell me how banning a .22 rifles that "look scary" will make anyone safer? A .22 rifle, something I shoot every week for sport. You call it a weapon of war, that is laughable. I was in the service I carried weapons of war; nothing out there available to general public is a weapon of war. Stop your weak minded scare tactics that the democrats always use.

In an election year, you might even save your job.
